

Dear Families,

For the past three summers, Island Grown Initiative's Community Lunch Program has provided free lunches during school vacation for children and families at various locations across the island. This year, due to the pandemic, we are asking all families who anticipate needing help with food access for their children this summer to pre-enroll for this program. Lunches will be free of charge.

**Please fill out the following survey about whether you are interested in the program before June 10th.** This will not commit you to anything, but will help us get a sense of how many meals we should be ready to prepare to be sure there will be enough lunches for all who need them. We will circle back to those who note an interest in the program with more information and a signup form.

To fill out the survey, visit <https://forms.gle/eGKnE5zPxsV73oNB7>.

Please note: Any contact information will be confidential. Your survey response will go directly to an IGI staff member and will never be shared outside the organization.

If you have any questions about the program, please email [igcommunitylunch@gmail.com](mailto:igcommunitylunch@gmail.com).

Thank you,

The IGI Team
