

SCHOOL PROFILE 2025-2026

THE MISSION of the Martha's Vineyard Public Charter School is to create a school that will cultivate lifelong learners in a multi-age, project-based setting.

- ★ The individual student will learn to direct his/her learning.
- ★ The group will make decisions together and recognize the unique contributions of each member.
- ★ The community will support and interact with the school body.

Students will learn in an environment that models interdependence as the foundation of society.

INTERNATIONAL BACCALAUREATE HIGH SCHOOL

Martha's Vineyard Public Charter School is an authorized International Baccalaureate World School as of 2021, offering the (IB) Diploma Programme and (CP) Career-related Programme. The Charter School has an "IB for All" approach, where all juniors and seniors participate in the IB curriculum.

2023-2025 (Providing three years of data because we are a small community):

GRADES SERVED K-12	SENIORS FROM 2023 TO 2025 17	GRADUATES THAT GO DIRECTLY TO COLLEGE 71%	STUDENT-TO-TEACHER RATIO IN CLASS 9:1
K-12 ENROLLMENT 180	HIGH SCHOOL ENROLLMENT 40	JOIN WORKFORCE TAKE GAP YEAR 13% 17%	GRADUATE HIGH SCHOOL 100%

OUR PROGRAM is designed to prepare students for success in careers and in college through a rigorous academic program. Our high school students work with their teachers in a school environment, emphasizing the importance of mutual respect and collaboration. Students who thrive in this academic setting are self-motivated, intellectually curious, and work independently and collaboratively with both peers and adults. Students interact frequently with the diverse island communities for enrichment opportunities and to build meaningful relationships.

COURSE OFFERINGS: We offer honors-level coursework in English, math, history, and Spanish, which is optional and noted on the 9th and 10th-grade high school transcripts. All 11th and 12th-graders take IB classes. About half of the students choose to pursue the full IB Diploma Programme (6 IB core classes, plus EE, CAS, and TOK) or the IB Career-related Programme. Over the last three years, 50% of IB candidates obtained the IB Diploma. We do not offer Advanced Placement classes; instead, the IB is offered, and students may access online dual enrollment classes. There is no college on the island for students to attend in person. The school uses a traditional grading system of A-F, and teachers write narratives at the completion of each semester. Students must earn a minimum of 29 credits in order to graduate. There is no class rank. GPA is unweighted and is calculated on a 4.0 scale.

ENROLLMENT TENDENCIES: As our school has an average of ten 12th-grade students per year, it is difficult to provide enrollment trends that reflect our diverse student body and their broad interests. In the last three years, 71% of students enrolled at a 4-year college and 12% enrolled in a vocational program. Of the students who attended college, 42% enrolled in a program in MA, 25% enrolled in a New England college, and 33% enrolled at colleges in other states.

OUR PILLARS

Trust

Respect

Freedom

Responsibility

Democracy

Cooperation

MENTORSHIP

9th and 10th graders participate in mentorship on a weekly basis during their four years in high school. Students elect their mentorships according to their interests and work with community partners.

COMMUNITY SERVICE/IB CREATIVITY, ACTIVITY, SERVICE (CAS)

9th and 10th graders do a community service project each year. IB students follow the Creativity, Action, Service (CAS) course guidelines.

PORTFOLIO/IB EXTENDED ESSAY (EE)

Students create one portfolio per year during their 9th and 10th grades, while IB Diploma students write an Extended Essay and IB CP students complete a Reflective Project during their 11th and 12th grades. Portfolios and essays are large bodies of work, representing deep and broad learning.

PROJECT PERIOD

Students pursue intensive studies for a two-week "project period" each semester of high school. This is a learning opportunity using a thematic integrated curriculum that culminates in a community exhibition. The individualization of instruction, student choice, community involvement, and public exhibitions of achievement are vital aspects of the school's project-based learning pedagogy.

AFTER-SCHOOL ACTIVITIES

The school offers the following optional activities to students after school: theater, music classes, Model UN, Gender & Sexuality Alliance (GSA), and student government. We do not have team sports.

Enrollment Statistics for 2024-2025

Student Race and Ethnicity

9.7% Hispanic or Latino
1.1% Native American or Alaska Native
3.4% Black or African American
75 % White
0.6 % Asian
0% Native Hawaiian or Other Pacific Islander
10.2% Multi-Race, Non-Hispanic

Population of Student Body

6.8% First Language Not English
2.8% English Language Learner
31.8% Students with Disabilities
40.9% Low-Income

IB THEORY OF KNOWLEDGE (TOK)

This IB course is a two-year epistemological study of how students access, assess, and understand knowledge.

IB DIPLOMA PROGRAMME (DP) CLASSES

[Language & Literature](#) (HL)(SL)
[Visual Arts](#) (HL)(SL)
[History: History of Europe](#) (HL)(SL)
